# Developing Your Team

## **Your Guides, Angels and Loved Ones On The Other Side**

This week you will have a meeting with your team on the other side. Calling on your team to help with your development and assisting you in your readings and every day life is key!

Connect with your guides for help with different things and journal about it. Perhaps you call on a guide to help you find a great parking spot at the mall! Or a loved one who was smart with finances to guide you in your financial choices.

Next develop your team that will assist you with your readings and have your first team meeting.

Read one or two clients this week, trust every single thing your guides and angels give you.

Write about your readings in the Facebook group and let us know how your readings changed after determining who is on your team and what purpose they hold for you and your development.
