Reading A Client of Your Choice:

Choose a client whether this is a friend, family member, or a stranger and give them a reading. You may give the reading using any tools, cards, crystals, etc., that you like. You may give psychic messages, but you must give a mediumship message as well by identifying at least one Spirit that you have connected with for them, the relationship the Spirit is to them and a message of love. Your reading may be in person, over the phone, Zoom, Facetime, etc.

Please download the client feedback form attached to this course for your client to fill out. You can either send it in for them or ask them to send it to certified@carmeljoybaird.com

Reading One of Carmel's Clients

When you are ready, email certified@carmeljoybaird.com and let us know you are ready to be assigned a client to provide a reading for. We will then give you the client's contact information to book your reading date and time with them. Upon completion, please also have them fill out the client feedback form to forward to us to review. Your reading may be in person, over the phone, Zoom, Facetime, etc.

When you are ready for this step, please email certified@carmeljoybaird.com.

We will be sending you this assignment in steps so you can work on the energy of the name before moving on to the missing person's photo.

Upon completion of each step, email your response for what you picked up on during this case. Your case will be reviewed by Carmel when your practicum is completed.
