Module 3:

Creating Your Business Materials

CARMEL JOY BAIRD

Your Business Materials

This week your homework is to:

Design a business card

- show off who you are and what you do.
- Because YOU are the product, I recommend including a photo of yourself on the business card. Keep it professional, no selfies!

Next lay out a brochure of your services:

- Introduce who you are
- Your services
- What you provide for your clients

Write:

- Your introduction paragraph for your website
- A blog post! Get creative! It can be about Spirit, one of your readings, or about your journey... anything you can think of that would engage your audience and leave them intrigued by you!

Feel free to share in the Facebook group for feedback and support!
